TECTONIC RECOGNIZED FOR 30-YEAR MEMBERSHIP AT ORANGE COUNTY CHAMBER OF COMMERCE MEMBER BREAKFAST

MOUNTAINVILLE, NY – November 10, 2016

The Orange County Chamber of Commerce hosted their monthly Membership Breakfast on Wednesday, November 9th at West Hills Country Club in Middletown, NY.

Tectonic Engineering & Surveying Consultants, P.C., was recognized at the breakfast for their **30-year**

membership with the Chamber of Commerce. Thomas Critelli, Executive Vice President & Chief Operating Officer, featured above, accepted the honor on behalf of Tectonic.

The breakfast featured speaker Ed Harrison, General Manager of Stewart International Airport/Port Authority of New York and New Jersey, discussing the Aviation Industry's large impact on the Orange County business community and economic development. He was proud to announce that Stewart Airport will start housing DHL, making Stewart the only airport in the United States with three cargos: DHL, FedEx, and UPS. The additional cargo activity will help increase sales and traffic, and ultimately create more jobs in Orange County.

As a member of the Orange County Chamber of Commerce, Tectonic is honored to continue supporting their effort in expanding the future of Orange County and the surrounding areas.

About Tectonic

Tectonic is an Engineering News-Record (ENR) Top 500 firm providing planning, engineering, construction and program management services for transportation, land planning, telecommunications, energy, institutions, education and healthcare and water resources sectors, to public and private clients throughout the United States.
